### Risk Management Update

The Board of Commissioners of the Watertown Housing Authority (WHA) has authorized Mr. Robare, Executive Director, to implement appropriate risk control services. Risk Management procedures will be established and maintained to ensure that the highest level of safety is provided for the residents and employees of the WHA.

Through the continued administration of the risk control and safety policies and the cooperation and support of the staff and residents, WHA will make risk control and safety a priority. One piece of this is that there will be on-site security during the summer months at the Family Sites.
